

SMALL GRANT APPLICATION FORM

The Embassy of the United States of America to Barbados and the Eastern Caribbean has a small grants program that supports local initiatives to address many issues, including education, youth development, safety and security, NGO development, democracy, HIV/AIDs awareness, and environmental and cultural programs and others.

Project proposals are reviewed throughout the year, although early application is strongly encouraged. Proposals will be competitively reviewed, however only fully completed forms will be considered for support. The majority of these small grants are US\$5,000 or less.
